

Readiness for Entering Vocational Ministry (REVM) APPLICATION FORM

The REVM (Readiness for Entering Vocational Ministry) is the first official step towards preparing for professional ministry with MCC. This guided REVM opportunity provides the venue to meet with others who sense a similar calling to vocational ministry. REVM offers an explanation of the process for preparation for ministry, overview of the core characteristics of a ministry vocation in MCC, development of a personalized Ministry Action Plan (MAP) for ministry preparation, and a time of connection with mentors and others who have served in ministerial roles within MCC.

NOTE: We are continually working to refine and enhance the REVM experience. At this time, this program is primarily intended to provide you with connection (with future colleagues and MCC), information (about ordination and ministry options in MCC), an immersion experience in the distinctives of MCC and MCC ministry, tools and opportunities for further discernment, and a plan for moving forward in your ministry calling. The actual “MAP” creation and consultation will occur in a one-on-one online meeting with a faculty advisor FOLLOWING the actual REVM program.

There will also be a Pre-REVM webinar prior to the actual event, which will allow us to share the syllabus, an orientation to the program, and provide opportunities for initial introductions and questions. The date/time will be sent to you when your application is approved.
